		Effective Date: June 2021	
Document Title:	QUALITY POLICY STATEMENTS	Issue No: 01	Rev. 02

QUALITY POLICY STATEMENTS

Vision

To be one of the leading power producers in the Great Lakes region.

Mission

To sustainably generate reliable, quality and affordable electricity for socio- economic development.

Quality Policy

Committed to the efficient monitoring of operations and supervision of development of Electricity Generation facilities in line with the Company Strategic Planning Process to ensure reliable, quality and affordable electricity in compliance with the applicable requirements of the Electricity Act, Regulations, Laws and Relevant Standards.

The Quality Management system shall be reviewed as and when need arises to ensure sustainability and continual improvement.
